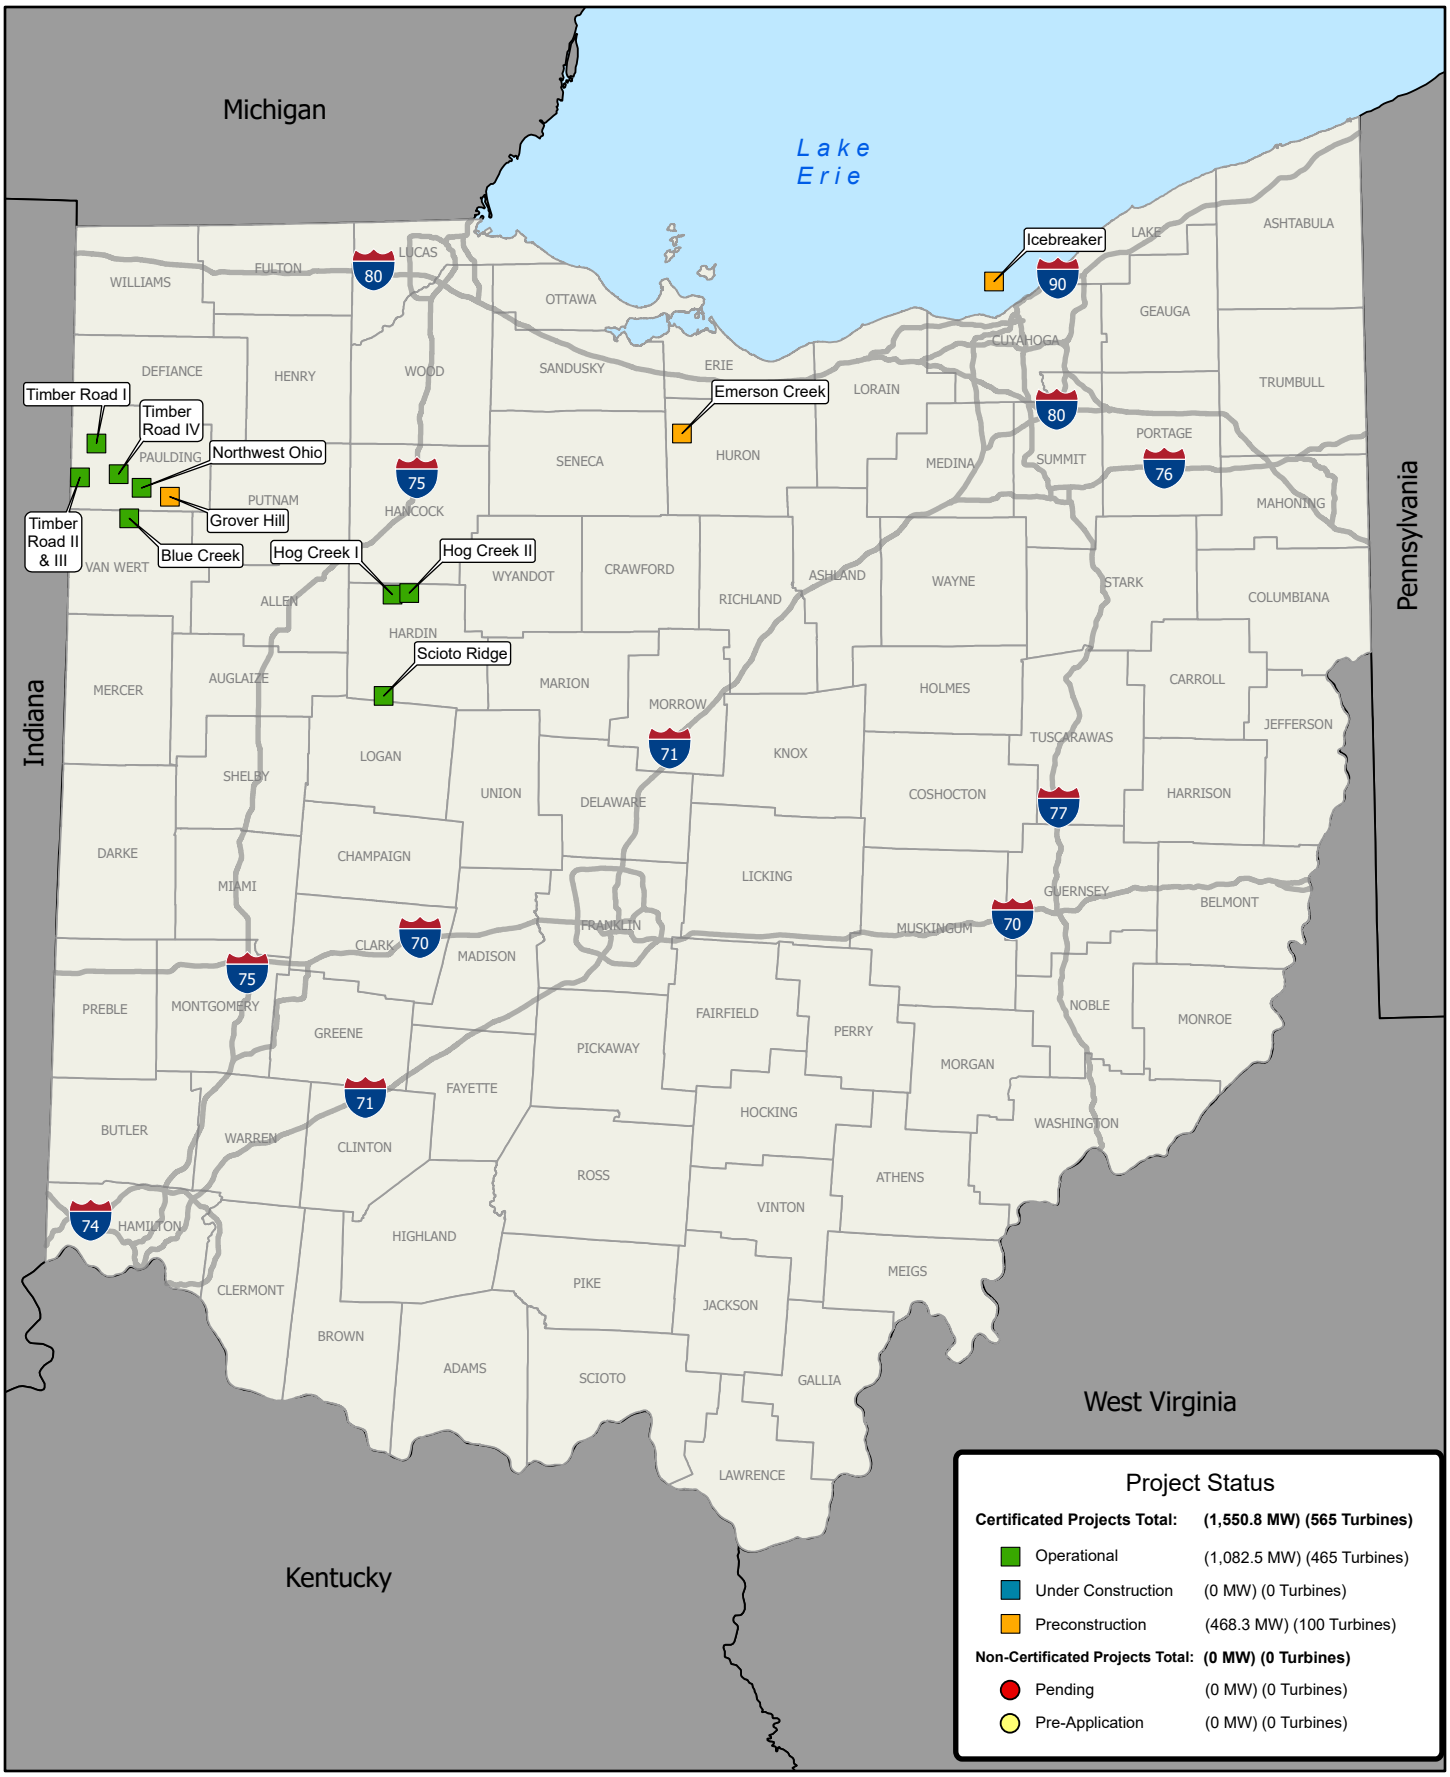
Ohio | Power Siting Board

# Wind Case Status

As of 7/20/2023



Project locations are provided by applicants. Case and construction status is determined by the case filings. The nameplate capacity shown in the legend is the maximum capacity in megawatts (MW) that could be built based on the number of approved turbines and the highest nameplate capacity of the approved turbine models. Pre-Application project locations, capacity, and number of turbines may be approximated.
